- 1.1. It is your responsibility to make sure the SIMs are only used to access Services as permitted in this agreement.
- 1.2. This agreement does not cover the supply of your Handset. The manufacturers of Handsets are not related to us. Any terms relating to Handsets will be given to you separately.

2. Variations to your agreement or prices

- 2.1. We may vary any of the terms of your agreement on the following basis:
We will let you know at least one month in advance if we decide to:
 - (i) discontinue the Services; or
 - (ii) make any variations to your agreement which are likely to be of detriment to you; or
 - (iii) increase the fixed periodic charges for the Services (if applicable) by an amount which is more than the percentage increase in the Retail Prices Index Figure (or any future equivalent) in any twelve month period.
- 2.2. You can end the agreement for such variations as explained in Section 7. Subject to the above, you will not be able to end the agreement if such variation or increase:
 - (i) is due to changes to the law, government regulation or license which affect us; or
 - (ii) relates solely to Additional Services;If you carry on using Services after the variation commences, you will be deemed to have accepted the variation.

3. What we will provide for you

A phone number and SIM

- 3.1. We will open an account for you and provide you with a SIM and a phone number (and we may agree to provide you with additional SIMs and phone numbers on your request).
- 3.2. Our network provider or its MNO owns each SIM and each SIM remains their property at all times. You are being allowed to use the SIM by us on a limited license to enable you to access Services, in accordance with the terms of this agreement. We or they may recall the SIM(s) at any time for upgrades, modifications, misuse or when your agreement ends. You can only use our SIM to obtain Services from us.
- 3.3. Each SIM may only be used in Handsets which are enabled for Services and are authorised by us for Connection to our network. Any attempt to use the SIM in other Handsets may result in serious damage to the Handset and may prevent you from being able to use it, including the making of emergency calls. In these instances, we, our network provider, or its MNO, are not responsible for any such damage or usage problems.
- 3.4. Handsets which can be used to access Services may be locked to the network. The software in the Handset and all intellectual property rights in that software is owned by the Handset manufacturer and you are being allowed to use the software on a limited license from the Handset manufacturer. During the term of your Agreement for the supply of Services, you must not permit your Handset to be unlocked via any unauthorised manner (i.e. by anyone other than us or the Handset manufacturer). You must contact us if you want your Handset to be unlocked from our network. If you contact us to request that your Handset be unlocked from our network, we will arrange for your Handset to be unlocked in an authorised manner (which may include replacing your Handset with an unlocked Handset, which is the same or similar specification to your Handset) and you must pay an unlocking administration charge. In addition, you must ensure that there are no outstanding amounts owing on your account. Prior to us arranging for your Handset to be unlocked, you must ensure that you back-up or otherwise store separately any of your information or other data on the Handset which you may require, as this may be lost during the Handset unlocking process. We are not responsible for any information or any other data which may be lost during the Handset unlocking process. This clause will not apply to you if you have purchased your SIM on a SIM-only basis.

Services

- 3.5. Once you are connected, we will provide you with access to our Services. The Services will include Premium Services, provided you ask for them and we approve, and may also include Age Restricted Services, provided you are 18 or over and you do not show or send any content from the Age Restricted Services to anyone under 18.
- 3.6. You will also be able to upload and send your own content using the Services. You grant us, our network provider, or its MNO, a royalty free, perpetual and worldwide license to store, transmit or otherwise deal with any content you upload on the Services.
- 3.7. We may:

- (a) change or withdraw some, or part, of the Services from time to time. This may be because of changing technologies, obsolescence, new or different product features, changing content providers or the need to remove, replace or modify content. Subject to Section 4.1, you can end the agreement if this variation is likely to be of detriment to you as explained in Section 7; and
- (b) also determine how Services are presented and delivered to the Handset or are otherwise made available to you. We can change the way they are presented, delivered or otherwise made available to you at any time.

Limitation of Services

3.8 We will always try to make Services available to you. However, Services are only available within our coverage area (which comprises a video service area and a voice & picture area within the UK). Within this, there may be areas where you do not have access to all Services or where coverage is otherwise limited or unavailable. For more information about coverage, visit our website.

Disruption to Services

- (b) when you move outside our video service area whilst you are on a call (in this case calls may not be maintained);
- (c) when you are in areas not covered by our network. In these cases Services rely on other operators' networks where we have no control; and

We may publish an acceptable use policy which provides more detail about the rules for use of certain Services in order to ensure that use of Services is not excessive, to combat fraud and where Services we may introduce require certain rules to ensure they can be enjoyed by our customers. If we publish a policy, we will let you know – such a policy may be amended from time to time – for instance, if we discover that the Services are being used fraudulently or for fraudulent purposes, or the excessive use of certain Services is causing problems for us, our network provider, or its MNO, its systems or for other users or if we introduce new services which may require certain rules to ensure that such new services can be enjoyed by our customers, again, we will let you know if this happens.
